Hurricane Season

June 1 was the official start of Hurricane season in the Atlantic.

During these storms or even strong Summer storms a pet can get separated from you or leave the safe confines of your home. The only permanent identification for pets is a microchip. If you contact them they will notify local hospitals and shelters that your pet is missing, they also have an app that it will also appear.

Because of this we will be offering a **\$30 Microchip Special** from Memorial Day till November 30th. This is for implant and registration.
